EMPLOYMENT

Developer
MASSMUTUAL – PROUNLIMITED
AUGUST 2020 – CURRENT

‣ Refactor code, improve layout of the Accounts sections.
‣ Visually and functionally test code, find and fix bugs, and improve code accordingly.
‣ Continue implementation of the new design standards.
‣ Assist in the training of new developers on the team for Agile practices as well as coding standards.

Web Developer Intern
MASSMUTUAL
JUNE 2020 – AUGUST 2020

‣ Designed, implemented, and deployed new updates for the Accounts team, utilized HTML, CSS, React, JavaScript, and Docker in an agile team.
‣ Reskinned the Accounts sections of the MassMutual.com website to fit the new design standards and created an overall more user friendly experience – changed over 100 files, increasing Aria utilization by 50%.
‣ Coordinated with members in and out of the team, across the company, in order to ensure the highest quality product possible.
‣ Ensured everything is correct for the more than 1.5 million users that utilize the website.
‣ Completed the cyber security and business acumen training

PROJECTS

Personal Portfolio Website
2019 - Current

‣ Create a website that demonstrates my coding and design abilities, and showcases all of my strengths.
‣ Utilize HTML, CSS, PHP, JavaScript, to create the website and then use SEO (Search Engine Optimization) in order for it to be easily found.
‣ Include a portfolio that shows some of my design work, as well as some of my coding work.
‣ Version: 4.3
